

Why wear a Pro-Life-End-Abortion-button?

[Babys-Voice Buttons](#) [BabysTw.weebly.com](#) 2016-01-21

Unlike other atrocities, **the babies have no voice but our voice.** If I do not speak for the unborn I assure they will die. If I do not speak for them I am permitting the taking of their lives.

Unlike other atrocities, the babies have no chance to run away and nowhere to flee to. Unlike other atrocities the babies have no ability to defend themselves. The killing, the ripping and tearing, the injecting of poison to kill, or even being born alive and being left to die, the babies can do nothing to save their lives. **The babies have no voice but our voice,** They can not run and they can not fight and they have no voice to cry out. If I do not speak they will die. [BabiesVoiceTw.weebly.com](#)

[“Deliver them that are taken forth unto death, If thou say, Behold, we knew it not, he that weighs the hearts knows it; and he renders to man according to his work.” Proverbs 24 :11-12](#)

[”Then shall he answer them, saying, Verily I say unto you, Inasmuch as ye did it not to one of the least of these, ye did it not to me. .” Matthew 25:45](#)

Please speak for Mother & Child

Are you making a difference?

I am **Pro-Choice**

I set before you the choice of **Life & Death**

I Choose to speak up for **LIFE**

These Buttons are to encourage people to be actively speaking up for the Babies who are being taken to be killed .

My Country, My State, My County, My town is a Baby Killing Place and it is my job and responsibility to speak up and act to change that. How would you feel about it if you could not talk or help yourself and you were going to be ripped apart and beheaded or soaked in salt until it burned you alive or be cut in pieces to be sold???

Hi Pro-lifer, Babies are being put to death because the hearts and minds of people have been taken with falsehoods. We have the freedom to speak up for their lives. At this point in our history we are not risking our death if we speak up, we are not risking losing our property, We are not risking arrest by speaking for the babies, we are not even risking a fine. Over 3000 babies are killed every day in this country alone.

So **why are we wasting our freedom** and allowing Babies to die not even speaking for their lives? The latest Abortion procedure is to **induce birth** and just putting the child aside in a room and closing the door (so as not to hear the baby's cry) till the baby starves to death or "Planned Parenthood" cuts apart the whole born baby and sells their body parts.

Please wear a button. Ask people what they think of your button. Now if you speak with them about Abortion you have a chance to speak for the lives of the Babies.

As for killing children in the womb, or now even outside the womb, we have no laws that protect that child. In fact our laws say it is alright for a mother to kill her own child, at least as long as she pays someone to do the killing (i.e. we call it abortion, a nicer sounding term than killing or murder). The woman is still a mother, only now she is the mother of a dead child. Not only that, but also she is the one that paid for and permitted the killing of her own child. What an awful journey to leave to anyone and all because we are not willing to speak up. We need to speak up before the killing to prevent a child's life from being taken and to keep a mother from having to live with the results of such an unthinkable act against her own child.

SHARE the VISION: **Be A Voice** by wearing the **Pro-Life-buttons** it is easy for people to be involved in speaking for the unborn, And to get more people active in pro-life activity speaking out against abortion. If a person wears a button with **Pro-Life** wording someone might read it and think about it (like a bumper sticker). But what makes wearing a **Pro-Life-button** much more powerful is if a person wearing the button will **point to the button and ask:** **“What do you think about my button?”**. (I find that people try to read the button discreetly, but by asking them I give them permission to read it.) Now in order to answer my question, the hearer needs to read the button to respond. AND now since they are thinking about abortion (from reading the button)

we can talk with them, addressing some of the atrocities involved. (“Ever hear of **partial birth abortion?**” That’s where the baby is all out of the mother except the baby’s head then they make a hole in the baby and suck out the baby’s brain or “Ever hear of **induced birth abortion?**” That is when they make the baby be born whole alive then they place the baby in a room and close the door so no-one has to hear the baby cry until the baby dies. Or Planned Parenthood cuts those babies up and sells their body parts.) So unlike a bumper sticker we can be more personable and talk about life and the atrocities of abortion. I am usually asking people that I am already talking to. Such as over the counter at the fast-food store, the post office, gas station, grocery store, hardware store....

STEP TWO of my vision is to have the button wearer (you) provide buttons to others and ask others if they would be willing to wear a Pro-Life-End-Abortion-button and talk about it. (**ASK me for more free buttons**)

SO if I enable you by giving you 10 buttons, you can have 2 buttons to wear on your coat, 2 buttons to wear on your sweater, 2 buttons, to wear on your shirt, so you never forget and you always have a button to give away and you are not left button-less when you get another person active. Then to keep it going you need to ask me for more buttons.

Tell me your button stories, how you got one and reactions people had. Check website for others' stories.

Prayer is the most important weapon in this spiritual battle and this is putting feet to those prayers.

We have a hope in God and His word. God is a giver of good things. Jesus came that we might have life more abundantly. God is our supplier and provider. God's word says: **Psalms 127:3-5** “Lo, children are an heritage of the LORD: and the fruit of the womb is his reward. 4 As arrows are in the hand of a mighty man; so are children of the youth. 5 Happy is the man that hath his quiver full of them: they shall not be ashamed, but they shall speak with the enemies in the gate.” (Ever hear of a man going to war with only 1 or 2 arrows/bullets ? You would not want such a man in your army. He would not shoot when needed or he would be out of ammo and need protection.) Contraception is the seed of Abortion (not wanting children and not trusting God for his provision).

Another way to be involved is to find a “crisis pregnancy center” and volunteer time or support.

Nation wide website Just enter Zip Code in the [Pregnancy Center Locator](#) near the bottom of webpage. <http://www.care-net.org/find-a-pregnancy-center> or call CareNet at **1-703-554-8734**

I believe **adoption** is much better than death, and thereby there is a chance a mother and child could be reunited in the future, as a dead child holds no such hope.
